SUMMARY

Recent Computer Science graduate with practical system administration experience from SFDA training. Building modern skills in automation (Ansible, PowerShell), Infrastructure as Code (Terraform), and AWS cloud operations. Seeking a junior role to support and evolve IT infrastructure within system administration, cloud, or DevOps environments.

TECHNICAL SKILLS

System Administration

Windows Server, Active Directory, VMware vSphere

Cloud & DevOps

AWS (EC2, IAM, S3), Docker Basics, GitHub Actions

Automation & IaC (Actively Learning)

Ansible, Terraform, PowerShell, Bash

Productivity & Management Tools

Microsoft 365 Suite, ManageEngine ServiceDesk Plus & AD360, PDQ Deploy

EXPERIENCE

System Administrator Trainee,

Saudi Food & Drug Authority (SFDA)

09/2025 – 12/2025 | Riyadh

- Assisted in resolving technical support tickets via ManageEngine ServiceDesk Plus.
- Supported user provisioning and RBAC tasks in ManageEngine AD360.
- Aided in automated software deployment using PDQ Deploy for endpoint compliance.
- Helped deploy and configure a VMware vSphere virtual server.

Mobile Software Technician, Self-employed

2017 – 2018 | Al-Khobar

- Performed troubleshooting, firmware updates, and OS restoration for mobile devices, achieving customer satisfaction.

PROJECTS

Personal Portfolio Website,

falhuz.github.io/portfolio.html

- A responsive, self-hosted site built with HTML/CSS/JS on GitHub Pages to showcase technical projects.

Manasik Robotic Wheelchair (MRW)

- Prototyped a sensor-guided robotic wheelchair using LEGO Spike Prime and color-based lane detection.

HCI Triangle Classification Tool

- Designed and tested an interactive Figma prototype with real-time input validation logic.

EDUCATION

Major: Computer Science, Taif University

12/2025

Web Development, Database Systems, Software Engineering, HCI

Saudi Digital Academy, SDA

AWS, GCP, Cloud Infrastructure, Cloud Computing, DevOps

CERTIFICATIONS

Google Career Certificates — System Administration and IT Infrastructure Services Course

AWS Cloud Practitioner — AWS Cloud fundamentals: services, security, architecture & pricing.

DevOps on AWS — IBM DevOps Essentials | AWS Cloud Technical Essentials | DevOps on AWS: Code Build and Test | DevOps on AWS: Release and Deploy | DevOps on AWS: Operate and Monitor

Databases — Designing and Building Databases (Coursera)

PROFESSIONAL SKILLS

- Problem Solving & Analytical Thinking
- Cross-Team Collaboration
- Time & Priority Management
- Agile Learning & Adaptability
- Customer Service Orientation
